WHO WE ARE

About the Company

Proclove Consultancy and Engineering Pvt Ltd

Proclove Consultancy and Engineering Pvt Ltd, in association with **UNUC Legal LLP**, is a Company and an Association of Persons comprising members who are Engineers, Chartered Accountants and legal professionals. Together, we provide specialized techno-legal consultancy services in Contract Management, Claims Management, Arbitration, Dispute Resolution, Extension of Time (EOT), and Project Documentation for major infrastructure projects across India and Bhutan.

The Company has an interface of highly qualified legal professionals with equally qualified technical associates who deal with all important aspects related to the preparation and vetting of projects, project audit, project implementation, and all kinds of legal compliances.

Our highly specialized techno-legal advisory services provide a complete blueprint — from the inception of a claim through to its final resolution. We also provide services related to drafting and vetting of contracts with vendors and suppliers engaged on a project, safeguarding the client's interests while optimizing project costs. Our members are experts in their respective fields, individually and collectively bringing experience of working with renowned public and private sector companies.

Technical Depth

Engineers and construction management professionals with hands-on infrastructure project experience.

Legal Rigour

In association with UNUC Legal LLP, bringing qualified legal expertise to every claim and dispute.

Financial Insight

Chartered Accountants supporting commercial evaluation, cost analysis and claim quantification.

End-to-End Support

From contract drafting to arbitration hearings — a complete blueprint from inception to finalisation.

OUR PEOPLE

Leadership & Expertise

**DIRECTOR**

Sarada Prasana Mohanty

B.Tech (Civil) | Construction Management (NICMAR) | LLB

Mr. Mohanty brings rich experience of more than 17 years in contract management, conciliation and arbitration. He is an expert in the identification, documentation and valuation of major claims — including time-related and geological claims — and has represented and supported clients in more than 20 arbitration proceedings across India and Bhutan.

17+

YEARS OF EXPERIENCE

20+

ARBITRATION CASES

₹6000 Cr+

CLAIMS & DISPUTES HANDLED

The Director leads a team combining civil engineering, construction management and legal qualifications, giving clients a single point of accountability across the full lifecycle of a claim or dispute — from contract structuring and risk identification through to arbitration, conciliation and final award.

WHERE WE WORK
